AIR FREIGHT

The most customizable of all methods of international transportation, Air Freight is an option that offers speed and dependability. One of the key points in offering dependable Air Freight services is to be a part of a network of agents with a large capillarity of origins and destinations to achieve effectiveness.

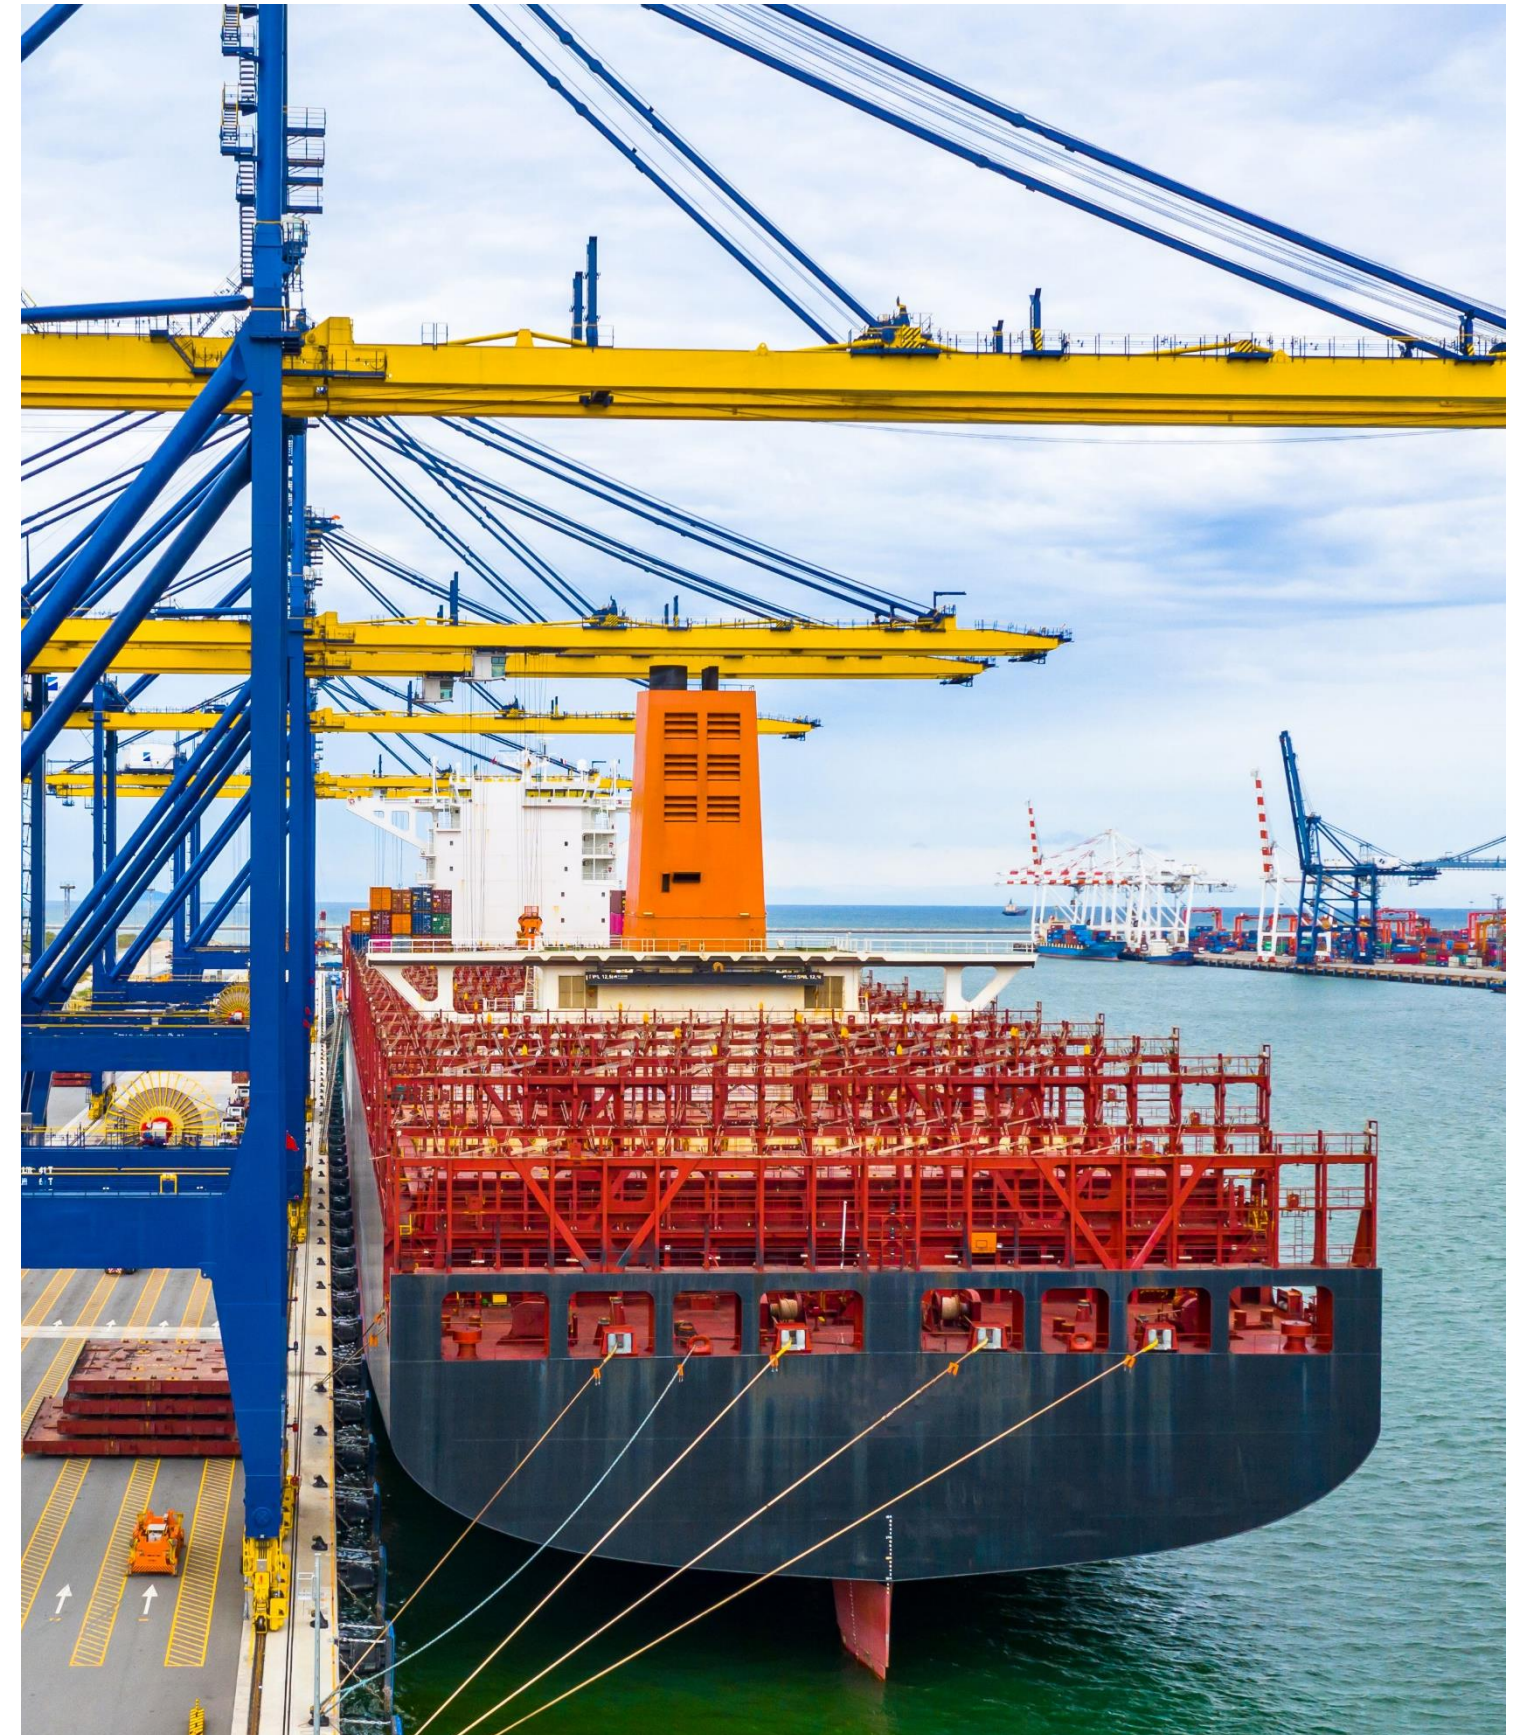

OCEAN FREIGHT

Our skilled staff can help you with all Ocean Freight products like FCL, LCL, RoRo services, Reefer, Project Cargo and more.

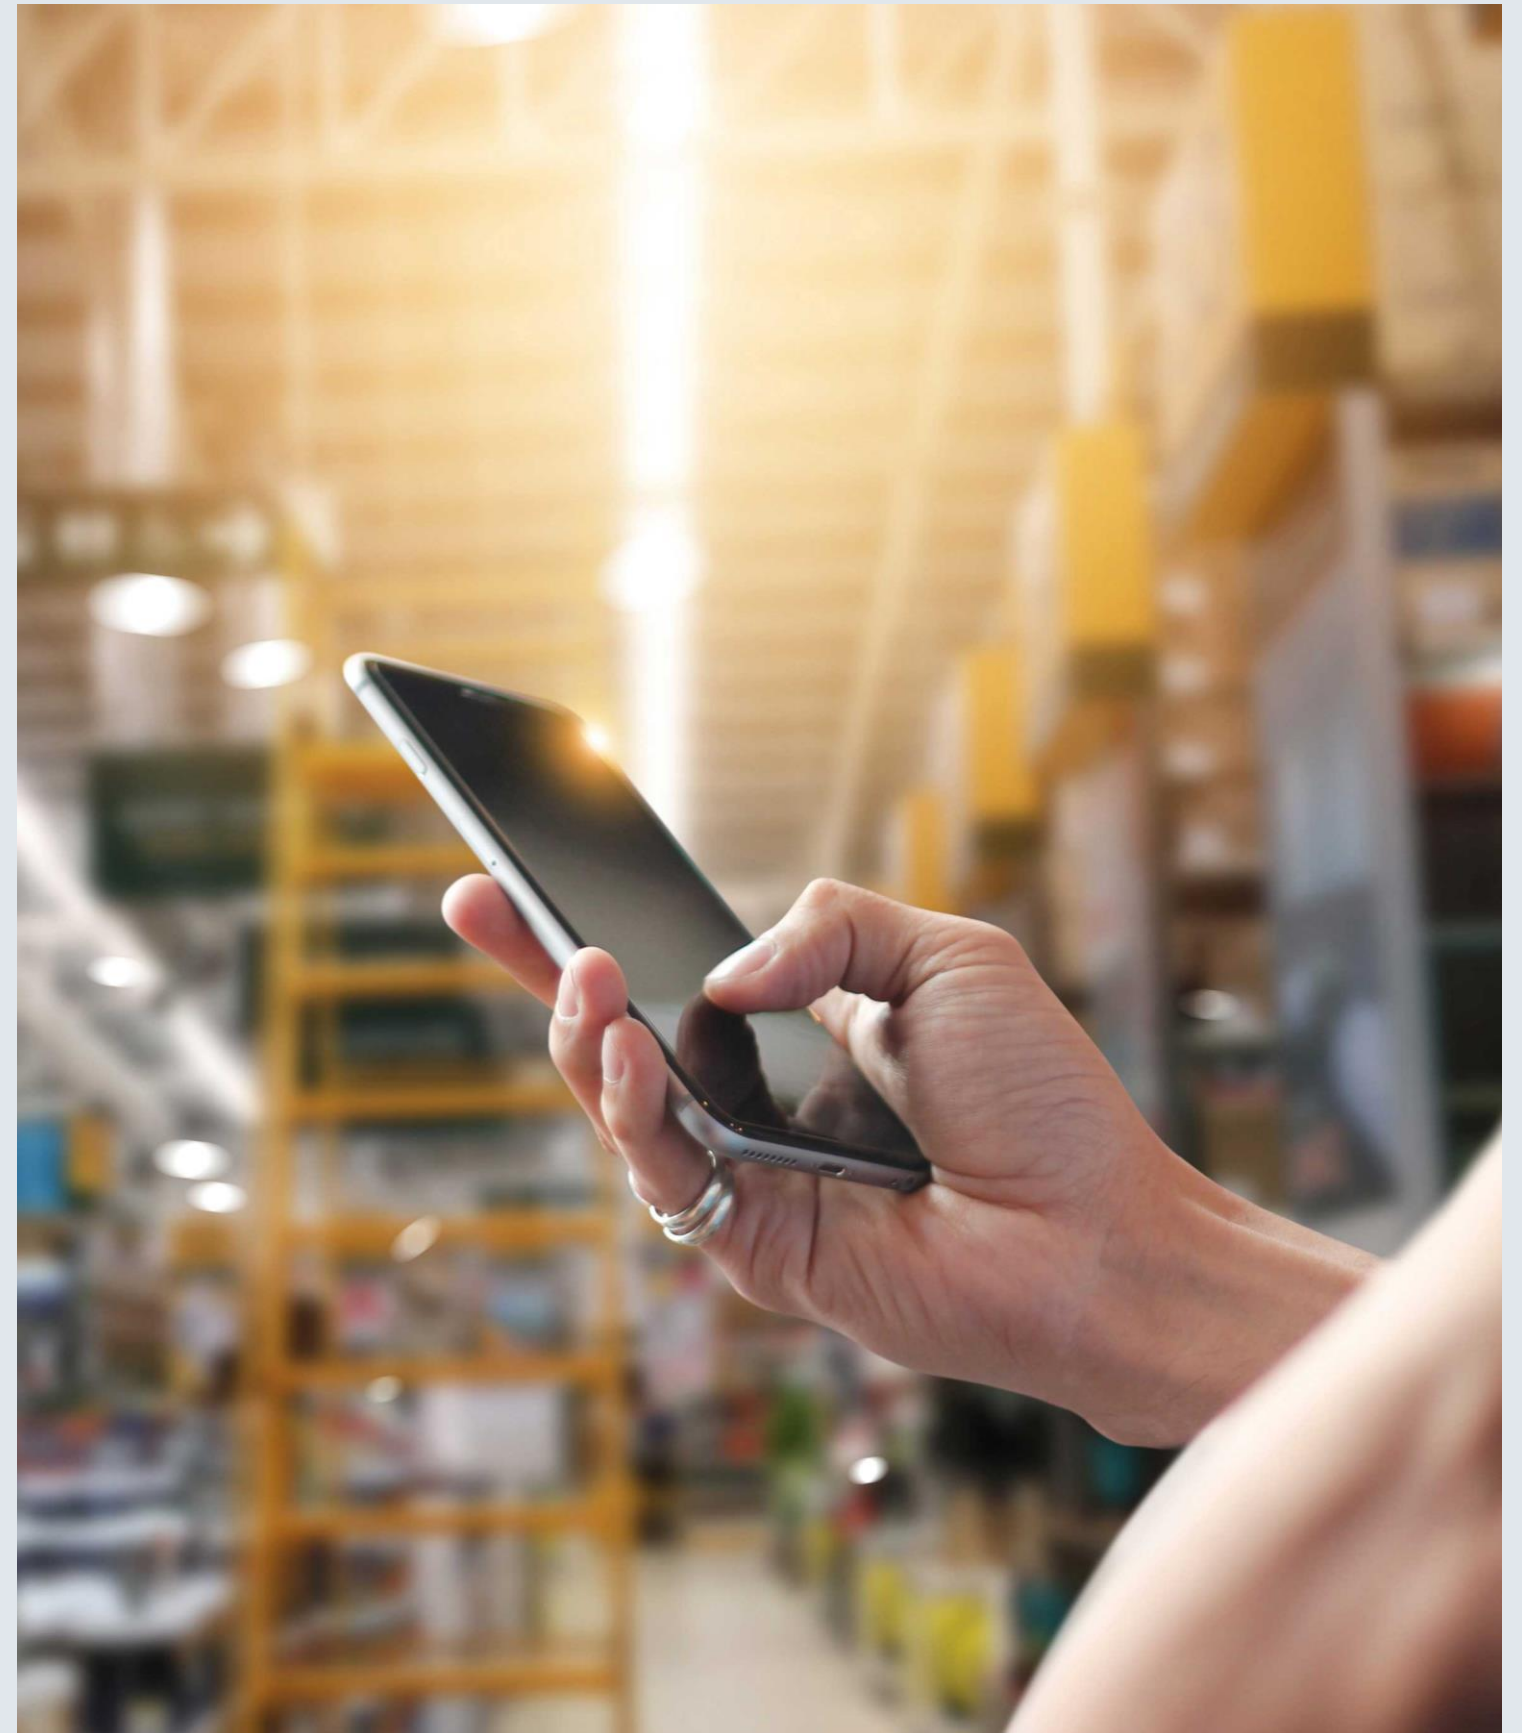

We keep a constant watchful eye in the Ocean Freight market to offer our customers competitive rates and the needed space for your shipments, even on peak season.

IFL will always be able to offer the best solution that fits your needs. Customer demand moves our team.

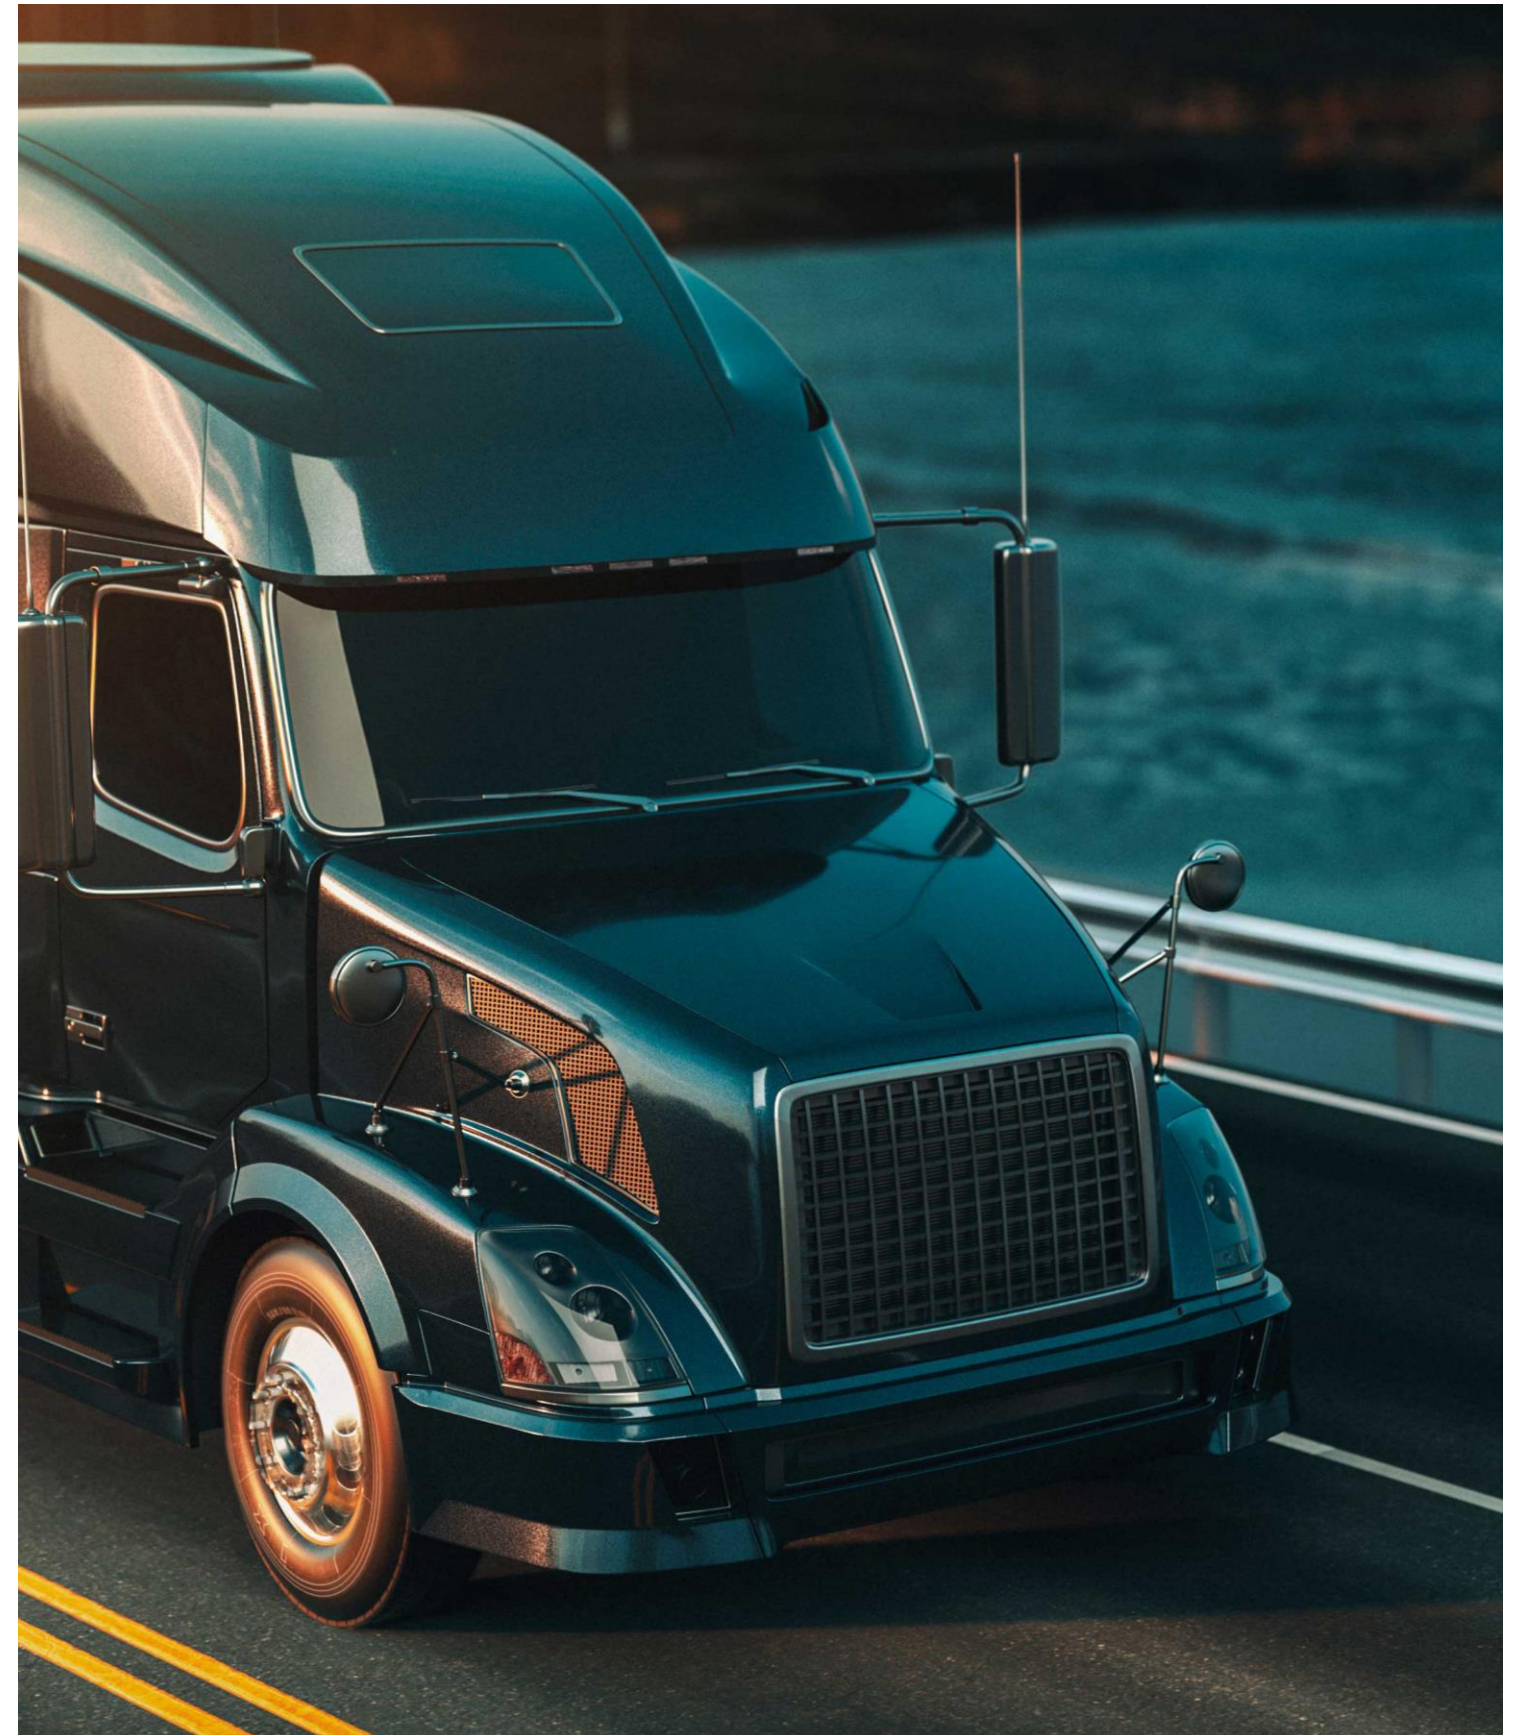

CUSTOMS CLEARANCE

A **very specialized service**, the IFL has a highly skilled team of associates and third parties capable of performing Customs Clearance on all major Ports and Airports in Brazil. We also provide an array of special services such as bonded cargo, temporary import/export clearance and more.

INLAND SERVICES

With a wide capillarity of inland service, IFL offers pick-ups and deliveries throughout most Brazilian territory as well as worldwide via our network of agents. It gives us an edge to perform import and export shipments from EX-Works to DDP terms all over the globe.

IFL offers additional services that complete our portfolio, in line with our policy of Total Customer Care, to bring to our clients a unique experience in Customer Service Satisfaction. See below:
